

# Improving the Street and Traffic Environment for Zones D and E Residents Parking Areas, Eastcott Ward

**Local residents have been helping identify and record your concerns over the past couple of months looking at the following issues:**

- **Residents parking**
- **Yellow lines**
- **Signage for streets**
- **Inappropriate traffic**
- **Numbers of parked cars**
- **Access to car parks for residents**

**We now are consulting residents directly to review this feedback.**

**Why not drop in and see your feedback on Saturday 19th March 2011 10.00am—2.00 pm at Savernake Halls, Savernake Street. Plans will be on display and you will have an opportunity to comment on these proposals.**

**We will also have them on display at the Central Library, Regent Circus from Monday 21st March until Sunday 27th March.**

**We are also asking residents to tell us their experiences of family homes being converted either into flats or shared properties.**
