

## Westcott Survey Results

Over the past few months, the council has been conducting a survey in the Westcott area to find out the problems in the area and if there's a sense of community. The results are featured below.

It was also generally found that policing has improved over the last couple of years, and that with a slight exception of Westcott Place people feel safe in their homes and that crime isn't a big issue.

There were several people interested in forming a residents group, something that is going to be worked on over the next few weeks.
